Murray Will Count Noses On Saturday And Monday

Civic Clubs Will Assist In Census

The Murray Chamber of Commerce, at the request of the city council, will conduct a population census of Murray on Saturday, January 18, and Monday, January 20.

The question, "Just how many people do live in Murray?" has been asked with increasing regularity since the annexation of the west end college area recently.

Teams Will Canvass
Max Hurt, executive secretary of the Chamber of Commerce, representatives of the Rotary Club, Young Business Men's Club and Lions Club have volunteered to serve on teams to make the actual count of noses. A complete house-to-house survey will be made on the dates mentioned above.

Hurt and his board of directors have worked out a survey plan and areas will be assigned to teams for canvassing.

Estimates of the city's population have been so varied since the official census of 1940 that the only point agreed upon so far is the fact that the city has grown considerably.

Cooperation Asked
Hurt requests that citizens cooperate by giving information accurately and promptly when the solicitors knock and ask, "How many folks actually live here?" If you plan to be away from home on Saturday or Monday, leave word with your neighbor in order that the needed information will be available.

The results of the count will be sworn to by the census teams and will be considered as accurate and dependable.

MURRAY NOTIFIED OF GOVERNMENT AID ON AIRPORT

Hurt, Waldrop, Ryan And Fenton Working To Get Facilities

The City of Murray has been notified by the Civil Aeronautics Administration that it is among the 900 applicants recently approved for federal aid in the construction of airports.

The construction of a Class 2 airport in Murray will climax the efforts of a group of Murray citizens to provide the city with an installation equal to any found in a city of similar size.

The proposed airport at Murray would be put into operation at a total cost of \$43,700, \$19,325 of which is offered by the Government. A Class 2 airport will handle any plane up to the large two-motored class.

Committee Listed
Max Hurt, executive secretary of the Murray Chamber of Commerce and working with a committee composed of John Ryan, H. T. Waldrop and Harry Fenton, started negotiations for the installation several months ago.

Legislation passed by the last Congress provides for eventual construction and improvement of about 3,000 airports over a seven-year period at a federal cost of \$500,000,000. Under present law, the Government offers approximately \$19 for every \$24 raised by the local sponsor.

The local installation cost provides for \$10,100 for land, \$10,000 for administration and other buildings and \$18,000 for grading, lighting and other facilities.

Interest Growing
Local officials have pointed out that interest in aviation is becoming greatly increased in Murray and that the geographical location of Murray is such that it would ultimately be on a commercial line. It is believed that the development of Kentucky Lake will create a demand for modern air transportation to the Murray area. Officials of industry located in Murray have also stated that they welcome the airport development as a means of bringing to Calloway County a swift and regular carrier service to any part of the country.

Surveys Made
Hurt and the airport committee started arrangements for the federal aid several months ago when they went to Louisville to contact CAA engineers. CAA engineers, Alfred Sheehan, Nashville, Tenn., and Vets taking the course leading to private licenses are Dan Fain, Tommy Taylor and Charles Mott, all of Murray; James Knight and Joe Stewart, both of Hazel; and Houston Henderson, Puryear.

Eight planes are now flying regularly from the field, Curd said. Five of these are operated by Curd's Kentucky Lake Flying Service and three are privately owned. Toy Lenning, Murray enthusiast, expects arrival of a new Cub Super Cruiser this week and Joe Clifford Jones has purchased a new Aeronca which is on the field now.

Weekly Report of Police Court

The following persons appeared before City Judge Hugh Murrell and were fined as indicated:

Floyd Cunningham, breach of peace, \$50 and costs.

Kenney Melton, breach of peace, \$50 and costs.

Eleven drunks fined \$13.65 each.

John W. Milstead Services Conducted

Funeral services were held at 3 o'clock Tuesday afternoon for John W. Milstead, 81, who died Monday at his home on Hazel, Route 1. Rev. A. G. Childers conducted the services at the South Pleasant Grove Methodist Church.

Death followed an illness of several months.

He is survived by three sisters, Mrs. Jack Humphries and Miss, Elma Milstead, both of Hazel, Route 1, and Mrs. Nanie Adams, Hazel, Route 3; and one brother, H. A. Milstead, Hazel, Route 1.

Palbearers were Bert Taylor, Con Milstead, W. B. Milstead, Lillian Paschall, Buford Stone and Dub Gutrie.

Honorary palbearers were Melton Marshall, D. N. White, Tom Erwin, Duncan Ellis, Elmer Brandon and Toy Brandon.

Burial was in South Pleasant Grove cemetery.

DRIVE TO PLANT TREES IS OPENED BY COUNTY AGENT

County Farmers Set Record Last Year With 250,000 Trees

A drive to have Calloway County farmers plant young pine and locust trees has been opened by the county agent's office, it was announced today by S. V. Foy and County Soils Assistant R. K. Kelley.

Over 100,000 trees have been ordered and agricultural officials are hopeful that the record of 250,000 trees planted last year by Calloway farmers will be broken. The record planting last year was also the best recorded for any one county in any one year.

Trees Are Free
The trees are obtained from TVA and orders will be taken at the county agent's office until Saturday, February 1. The office is now at its new location at 290 Maple street. Any county farmer is eligible to receive the trees free of any charge.

The seedlings, it was pointed out, can be used for erosion control, replanting old woods or establishing new woods. The Calloway County office has a quota of 500,000 trees for this year.

Grazing Is Menace
Two of the greatest sources of damage to Calloway trees, according to local officials, are improper grazing by livestock and fires.

Boy Scout Dinner Will Be Tonight

The Happy Valley District Committee, Boy Scouts of America, will honor the scout leaders of the district tonight with a dinner at the Women's Club house. The dinner will start at 7 p.m.

Principal speaker for the event will be Ed Filbeck, principal of Murray High School. Filbeck has been a scout leader in Calloway County for approximately 39 years and is one of the outstanding leaders of scouting in the Happy Valley district.

Guests of honor will include all district scoutmasters, assistant scoutmasters, cubmasters, assistant cubmasters, den mothers, their husbands and wives and all friends of scouting.

An interesting program has been arranged by a committee composed of Harry Sled, Guy Billington and Cagley Hendon. Tickets may be obtained from these three scout leaders.

County Cage Teams Prepping For Annual Classic

Concord Picked As Early Choice

With the annual Calloway County high school basketball tournament only one week away, county teams were making arrangements to wind up their regularly scheduled games and devote their energies to prepping for the yearly classic.

Catchin Is Manager
The tournament, managed by Carlisle Catchin, Murray State's cage wizard, will get under way on Thursday night when Hazel and Kirksey open the event at 7:30. Also scheduled for Thursday night is the first game in the lower bracket which pits Concord's Redbirds against the Warriors of Almo. Concord smashed Murray Training 65-41 last week to serve notice that the Redbirds are on for top spot in the county.

Carroll, Moss Officials
Officials for the tournament will be Jack Carroll and Howard Moss, both of Paducah.

Greetings!

MILLER ASKS AID IN POLIO FIGHT

There is still loose in this land of ours that dreaded disease of polio which each year cripples and kills thousands of our people," said Claude Miller, local insurance agent and chairman of the Murray March of Dimes program, as he outlined plans yesterday for the Murray committee's 1947 campaign.

The March of Dimes program started yesterday and will end on Thursday, January 30.

Every school child in Calloway County will be given a card to be filled with names. "So that others may walk again, please make an effort to have these cards filled with names," Miller requested.

There will also be contribution boxes placed in public places in the city and county so that contributions may be made. Cards will be mailed to residents and a committee will be formed to ask personal contributions from the business and professional men of the town and county.

Two committees have been set up by Miller to expedite the drive. The school committee includes M. O. Weather, Murray State College, Carrollton, Graham, Murray Training School; W. Z. Carter, Murray High School; Clarence Smith, Almo High School; Rex Watson, Hazel High School; J. H. Watson, Kirksey High School; Burge Jeffery, Lynn Grove High School; Edward Curd, New Concord High School; Mrs. Lola Jones, Brooks Chapel; Kenton Woodall, Independence; Mrs. Grace Jones, Spady Hill; Mrs. Lilla Watson, Palestine; Mrs. Eva Fodua, and Mrs. Lucile Potts, Coldwater; Mrs. Alex Smith and Mrs. Elma Herndon, Dexter; Mrs. Estelle Outland and Mrs. Cardelle Waldrop, Pottertown; and R. G. Shelton, Faxon.

The Boy Scout committee includes Ralph Weaver and Otis Valentine of the Ledger and Times and Everett Jones, Ben Franklin Store.

Vet Advisor Coming

On Tuesday, January 21 B. D. Nisbet, field secretary of the Kentucky disabled ex-service men's board, will be in the director's room of the Peoples Savings Bank for the purpose of aiding in filing claims for veterans and their dependents, and to advise them regarding any other benefit to which they may be entitled.

Rally Speaker

Max B. Hurt A feature of the Stewardship rally at First Methodist church at 2 o'clock next Sunday afternoon will be an address by Max B. Hurt on "Stewardship of the Soil."

An outstanding layman of the Memphis Conference and chairman of the board of stewards of First Methodist Church, Hurt is also teacher of the Friendship Bible Class which is one of the largest Sunday School classes in Western Kentucky.

Mr. Hurt's abilities are demonstrated by the fact that he operates a fine farm near Kirksey, serves as executive secretary of the Murray Chamber of Commerce and is also national treasurer of the Woodmen of the World. He has a national reputation as a speaker and speaks with authority on the Christian use of the soil using the subject, "Stewardship of the Soil." His many friends in Murray and Calloway county are invited to hear him Sunday afternoon.

Other speakers at the Rally and their subjects will be Rev. R. Wilson Hall, "Stewardship of Time"; Rev. V. E. Banks, "Lambeth College in the Year of Stewardship"; Rev. L. O. Hartman, "Stewardship of Possessions"; Rev. T. H. Mullins, Jr., "Stewardship of Talents."

Dr. Robert A. Clark, district superintendent and Prof. W. O. Inman, district lay leader will be the presiding officer of the rally.

Churches to be represented, and their pastors, are as follows: Hardin Circuit, Rev. C. E. Boswell; Hazel Circuit, Rev. A. G. Childers; Almo Circuit, Rev. Bryan Bishop; Murray Circuit, Rev. C. A. Riggs; Kirksey Circuit, Rev. H. P. Blankenship; Murray First Church, Rev. T. H. Mullins, Jr. Special seating arrangements will be provided for the large number expected to attend.

Farmers Company To Give Free Movies

"Bazooka" Bob Burns will be featured in the film "The Windjammer," which is the feature of the free movie program being presented at the Capitol theatre by the Farmer's Tractor and Implement Company at 9:30 a.m. on Thursday, January 30.

In addition the picture with the well-known comedian, several films on "Conservation Farming" and other highly educational movies will be shown.

The Farmer's Tractor and Implement Company extend a cordial invitation to all farm readers of this newspaper, and their neighbors—to be his guests for this big John Deere Day entertainment.

Annual Purchase-Pennyrite Card Set

The annual Purchase-Pennyrite basketball class sponsored each year by the International Relations Club of Murray State College, will be held on Wednesday night, February 5, in the Carr Health Building, according to announcement by Jack Hicks, International Relations Club, who is the tournament manager this year.

Purchase Leads
Since this series was inaugurated in 1936 the Purchase teams have won a big majority of the victories, winning seven times while the Pennyrite has been able to cop victories in only three of the years.

Sharpe, Benton Won
Last year the Sharpe Green Devils defeated Greenville 27-24 and the Benton Indians defeated Owensboro 38-25 to give the Purchase a clean sweep.

Tigers Considered
Outstanding teams in the Purchase, who are under consideration for a bid to the tourney include Brewers, Sharpe, Murray, Tilghman, Wickliffe, and Lone Oak. Among the Pennyrite teams under consideration are Owensboro Senior High, St. Joseph's of Owensboro, Northville, Central City, Drakesboro, Beaver Dam, Providence, and Marion.

The tournament teams will be announced on Friday, January 17, Hicks stated. Pat Hardeman, Mayfield, is president of the sponsoring club.

Mr. and Mrs. Dick Sykes and daughter, Andrea, and Mr. and Mrs. Frank Sykes returned to Murray Saturday following a visit with Mr. Dick Sykes and Mr. Frank Sykes sister and husband, Lt. and Mrs. James L. Littlejohn, of El Paso, Tex. They made the trip by motor and were gone about eight days. Among the points of interest visited were Carlsbad Caverns, New Mexico and the Church Gualaleupe in Old Mexico. They found snow in every state from Kentucky to Texas. At some points in Texas it was reported it was the first snow-fall in 35 years.

Girl Scout Council Has Dinner Meeting

The regular monthly meeting of the board of directors of the Girl Scout Association was held Thursday evening at the home of Mrs. H. C. Corn. This was a dinner meeting and handkerchief shower complementing Mrs. W. D. Lewis, council treasurer, who is leaving Murray soon to make her home in Lafayette, La.

Mrs. Noel Melugin, vice-president, presided in the absence of the president, Mrs. A. B. Austin. With routine business disposed of, Mrs. George Hart presented the gifts with words of appreciation to Mrs. Lewis for her three years' service with the Girl Scouts of Murray.

Mrs. George Williams and Mrs. H. B. Bailey presented a project of the American Legion Auxiliary to the board and asked for the cooperation of the Girl Scout organization.

Those present for the meeting included Mesdames A. F. Yancey, C. S. Lowry, George Hart, R. H. Thurman, Keith Kelly, L. M. Overbey, A. F. Doran, Noel Melugin, R. S. Tamm, W. D. Lewis, Nix Crawford, Tellus Canaway, S. V. Foy, Roy Treon, G. C. Ashcraft, H. C. Corn and Miss Marion Treon.

Miss Josephine Farley, Thomas Theo. Hannah Wed. Mrs. Hill Gardner announces the marriage of her sister, Miss Josephine Austelle Farley, to Thomas Theo. Hannah, son of Mr. and Mrs. W. C. Hannah of Athens, Ala. The wedding ceremony was read on Jan. 4 by the Rev. John M. Jobe at his home in Corinth, Miss. The only attendants were Miss Ruth Friel of Birmingham, Ala., and Bruce Robinson of Athens.

The bride was attired for her wedding in a two-piece suit of blue wool with brown accessories. Her shoulder corsage was of red rosebuds.

Miss Friel wore a grey gabardine suit with black accessories and a corsage of white carnations.

Mrs. Hannah, a graduate of

Murray High School, was employed at the time of her marriage by the Interstate Loan Co. of Murray. Prior to that she held a secretarial position at the Huntsville Arsenal, Huntsville, Ala.

Mr. Hannah, a veteran of World War II, is a graduate of Tanner High School, Athens. He and his bride are making their home in Athens where he is associated with his brother in business.

Robert Jackson Moser Honored on 17th Birthday

Mr. and Mrs. W. B. Moser entertained at the Woman's Club Wednesday evening, January 8, the Murray High School seniors and their friends honoring the 17th birthday of their son, Robert Jackson Moser, who is a member of the senior class.

Refreshments were served to approximately 50 guests. Various games and dancing were enjoyed throughout the evening.

Mrs. J. W. Parker Made Honoree Of Luncheon

Mrs. W. C. Elkins, Mrs. Bernard Bell, Mrs. Laverne Wallis and Mrs. James R. Albritton were hostesses at a lovely luncheon on Tuesday at the National Hotel honoring Mrs. Joseph W. Parker, who before her marriage in December was Miss Madge Patterson.

The U-shaped table held a centerpiece of flame colored gladioli, small yellow chrysanthemums and croton leaves in a crystal bowl. Clever place cards gave the name of the honoree, the date and the place, and Mrs. Parker's place was marked with a corsage of red carnations and a gift from the hostesses.

A delicious three course luncheon was served to thirty-four guests.

Miss Izzedin Will Address AAUW On Monday, January 20

Miss Neilla Izzedin from Arabia will be the speaker for the American Association of University Women at the next meeting on January 20 at 7:30 in the Home Economics room in Wilson Hall.

"Miss Izzedin comes to us as a well-informed person and a pleasant speaker. Her subject will be 'Arabia as a Potential Source of Threats to Peace.'"

An invitation is extended to the women of Murray to hear her. A delegation of University Women from Hopkinsville will be guests.

A short business meeting conducted by Miss Hazel Tarry, president of the Murray branch, will precede the program and a social hour will follow the program.

Mr. and Mrs. Morton Entertain Daughter

Mr. and Mrs. Edd Morton entertained their daughter and her husband, Mr. and Mrs. James Norris Cathey, at dinner after they returned from their wedding trip to St. Louis, Mo.

Those present were Mr. and Mrs. Joe Morton; Mr. and Mrs. Billy Hargis, Mr. and Mrs. Cathey and Mr. and Mrs. Morton.

Miss Broach Honored On 21st Birthday

Miss Beth Broach was honored at a surprise birthday party given by her sister, Miss Jo Broach, on her 21st birthday at her home on Saturday, January 11.

The table was centered with a beautiful birthday cake topped with 21 candles. Various games

and contests were played throughout the afternoon.

Those present were Mrs. Rosemary Thurman, Misses Dortha Jean Orr, Lela Brandon, Martha Guier, Evelyn Ahart, Jackie Robertson, Dorothy Nell Smith, Annette Webb, and Beth and Jo Broach.

Officers Club Meets With Mrs. Lula Farmer

The officers club met at the home of Mrs. Lula Farmer Tuesday, January 7, at 8 o'clock. Regular business was conducted by Mrs. Genora Hamlett, president.

The following officers were elected for the year of 1947: Mrs. Lula Farmer, president; Mrs. Genora Hamlett, vice-president; Mrs. Opal Reeves, secretary.

Eight officers were present and plans were made for the following year. The next meeting will be at the home of Martha Carter on February 4.

Penny Homemakers

The regular monthly meeting of the Penny Homemakers Club will be in the home of Mrs. Ollie Hale on Monday, January 20, at 10:00 a.m. Visitors are always welcome.

Pottery Pains

From the looks, or should I say cracks of things, it is very doubtful that many of the ceramics class will turn out to be Josiah Wedgwoods, but you can't say they're not trying.

Clay is wedged all over the place, it seems to be everywhere but at the right place in a piece of pottery. Many a pretty apron is mussed up as a result of some

over-energetic coiler.

For 85 minutes, each day Mrs. Rowlett tears her hair out over cracked pieces of art made by such potters as Joe Hughes, Pat Clark, Joe Dorch, and Harry Con-such. It's a mystery to all of us why the delicate hands of these boys just can't seem to master the art of ceramics—maybe it takes time.

Only a mother could appreciate these creatively shaped pieces of pottery in their homes.

To the outsider working in clay may seem easy, but actually it's not nearly as easy as it seems—I know, I'm taking the course!

Mrs. Barnett Resigns

Mrs. Ollie Barnett, president of the Mother's Club, asked that the club accept her resignation at the meeting of the Mother's Club Wednesday, January 8.

Mrs. Barnett asked the secretary, Mrs. Darrell Shoemaker, to assume her duties as president. Mrs. Prentiss Overby was asked to act as secretary. Mrs. Barnett was forced to resign because of an illness in her family.

Mrs. Rue Overby led the devotional. Miss Evadine Parker talked to the mothers on health problems of the children, after which Mr. Graham commented on the talk.

Refreshments were served in the luncheon by the room mothers of the tenth grade.

The next meeting will be a "potluck" supper.

Prof. Anderson Speaks

Vernon Anderson, commerce department of Murray College, was guest speaker at the regular business meeting of the Future Business Leaders of America Wednesday, January 8, at 12:30.

The business was conducted at

the first part of the period. Mr. Esco Gunter moved that the club discontinue the business until another time and introduced the speaker.

Mr. Gunter introduced Mrs. Don Brumbaugh, student teacher in bookkeeping.

Kirksey Route 2

Mr. and Mrs. Rufus Rule announce the marriage of their daughter, Maxine, to Rudy Brezel, son of Guy Brezel of Marshall county. The wedding took place in Corinth, Miss., on December 29.

With young people were members of the graduation class of Brewster High School in 1946. He is now a student of Murray State College. They are making their home for the present with the bridegroom's parents. Mr. Brezel served several months overseas with the U.S. armed forces.

W. J. Harrell who has been ill for some time is slowly improving. Larry, the infant son of Mrs. Christine Wyatt, was carried to a Mayfield hospital a few days ago suffering with pneumonia, but he was returned to his home on Monday much improved.

Mr. and Mrs. Elvis Wilson and son, James Morgan, spent Sunday with W. J. Harrell and family.

Ovis Riley, who was injured several days ago when he was thrown from a road drag, is improving and is able to be out again.

On January 3 Miss Opal Mathis, daughter of Mr. and Mrs. Ole Mathis of Chicago, Ill., and J. C. Edwards, son of Mr. and Mrs. Carl Edwards of Kirksey, Route 2, were quietly married in Corinth, Miss. Their only attendants were Clayborn Crick, Kirksey, and Miss Ruth Johnson, Chicago, cousin of the bride. After a few days with relatives in the county the young couple returned to make their home in Chicago where they are both employed. Mr. Edwards spent 15 months in Japan and the Philippine Islands.

Mrs. Omega Cain, Canton, O., and children spent the Christmas holidays with relatives in Mayfield, Paducah and Calloway county.

J. B. Cox was also a visitor in this section for a few days and has now gone to visit his sister, Mrs. Gladys Youngblood, in Florida.

Compete for 4-H Sectional Honors

KENTUCKY'S top ranking participant in each of the 1946 National 4-H Dairy Production, Farm Safety, Garden and Soil Conservation activities has been selected to compete for a sectional award which is a trip to the 25th Anniversary National 4-H Club Congress in Chicago. Those winning sectional honors will relinquish their state award to the next highest rating member. The state's representatives and brief outlines of their 4-H records are as follows:

Robert W. Teater

William Loyall

Robert W. Teater, 18, of Nicholasville, was named a state winner and will compete for a sectional award in the Firestone 4-H Soil Conservation Activity. During five years as a 4-H'er, the boy made a study of the soil conservation needs of his home farm, established a crop rotation, and assisted in dynamiting a drainage ditch; learned how to operate a level, and established crop production on the contour. Soil tests were made and adequate lime and fertilizer applied. Pasture carrying capacity was increased by weed control and seeding adaptive mixtures. Robert has served as a 4-H project leader for the past five years. Five state co-winners also receive \$50.00 U. S. Savings Bonds.

William Loyall, 19, of Summersville, is the state's entrant to compete for a sectional award in the 4-H Garden Activity. Allie Chalmers provides the awards. William's record shows that during eight years of club work he raised five acres of garden. His garden exhibits won many prizes, including \$65.00 in cash prizes. He has used farm residue to keep the soil loose so it will hold moisture for a "double" garden. William finds the best way to destroy insects is by hand-picking them and destroying the eggs. Seven state co-winners also receive \$25.00 U. S. Savings Bonds.

Samuel Pepper, 18, of Bengal, was named state winner and given the distinction of competing for a sectional award in the 4-H Farm Safety Activity because of his exceptionally outstanding record. Samuel's achievements in safety work include providing metal containers for carrying out ashes, keeping matches and sharp tools out of reach of small children, and using care in filling and marking gasoline and kerosene cans. He also repaired

Samuel Pepper

Cecil Burnette

loose planks in walk and labeled all medicine bottles. Seven state co-winners also receive \$25.00 U. S. Savings Bonds provided by General Motors. Cecil Calvert Burnette, 19, of Fulton, won top rating in the state 4-H Dairy Production Activity with his achievement record. During nine years in club work, Cecil developed a herd of 16 Jersey cattle, the income from which was \$5,120.00, including \$440.00 in cash prizes. His dairy cattle have won two grand championships, two senior and two junior championships, and he placed first in a showmanship contest. As Cecil's father is not in good health Cecil has taken over most of the responsibilities of a 230-acre farm with 35 purebred milk cows and 30 heifers. Eight state co-winners in two classes also receive \$25.00 U. S. Savings Bonds provided by Kraft Foods Company.

Blood River News

Mr. and Mrs. Guthrie Osborn have named their youngster Jimmie Mitchell.

Mr. and Mrs. James Wisheart, Mr. and Mrs. Clyde Mitchell and Clifton Mitchell returned to Detroit the past week after visiting relatives.

Miss Annie Willis returned home from Detroit the past week after a month's vacation with relatives of the large city. She reports a very nice time on her trip. Those visited included Mr. and Mrs. Bert Willis, Mr. and Mrs. Dennis Burton, Mr. and Mrs. Orvis Wilson and children, Mr. and Mrs. Lanis Mitchell, Mr. and Mrs. Elmer Rodriguez and children, Mr. and Mrs. Kellie Wisheart and many others too numerous to mention. Miss Willis and others went over to Canada and dined while there, also attended church services at the Temple Baptist church and heard the Rev. Dallas Billington. A funny joke on her: she was in Detroit 11 years ago and was at the Tabernacle and someone in the congregation did not know that Miss Willis was in Detroit but they heard her voice while singing and knew her at once.

Those celebrating their birthday in January include Mrs. Guthrie Osborn and two children, Jerry Pat and Jimmie Mitchell, Miss Mary Elizabeth Mitchell, sister of Mrs. Osborn, Margaret Williams, niece of Mrs. Osborn, Mrs. Audie Linn and Aubrey Mitchell, twins of Mr. and Mrs. Mathie Mitchell, and cousins of Mrs. Osborn. Misses Sadie Nell and Mary Evell McClure, twin daughters of Mr. and Mrs. Fred McClure of Murray, and Miss Myrtis McClure, cousin of the McClure twins.

Mrs. Helen Dick Keys was ill with pneumonia last week. Kentucky Belle, the Ole Maid has decided not to go to the North Pole until this fall just before an early frost. So be sure to come real soon. I have plenty of good water and tooth picks.—Ole Maid.

S. Pleasant Grove

By Mrs. Sara Smotherman

Mr. Will Jones, who for so many years was rural carrier of R.F.D. Hazel, including part of Pleasant Grove vicinity, on account of ill health has for several months been in a hospital in Texas. Mrs. Jones is with him. His son, Rev. Sam Jones, reported to the writer last week that he seems to be holding his own. Bro. Jones is associate pastor of the Mayfield Methodist church.

Mrs. Mollie Hill is improving from an illness. This community was saddened Monday in the passing of John Milledge, 81, one of the oldest members of Pleasant Grove church. He had kept home at the old home (near where Smotherman's school house formerly stood) since the death of their parents many years ago. He was never married and is survived by his sister, Miss Ethel of the home, Mrs. Nan Adams, and Mrs. Jack Humphreys and one brother Bert Milledge, and many nieces and nephews. Before bad health intervened he was one of the most active members of the church. His pastor, Rev. C. G. Childers, held the funeral at South Pleasant Grove Tuesday and burial was in the church cemetery.

Mrs. Bert Moore is improving and Mr. Moore's health is better than it was a few weeks ago. Several of the mothers of this community attended a Parent-Teacher meeting at Hazel last Thursday afternoon. Mrs. Stark Erwin is president and Mrs. Geraldine Myers is secretary.

Milledge James, who resided in the service is back in the U.S. because of ill health. Should not the gospel motto encourage us all to make the most of life?

"Only one life it will soon be past. Only what's done for Christ will last."

Former Chaplain

REV. E. A. BYRD

Rev. E. A. Byrd will preach at Elm Grove Baptist Church on Sunday, January 19, at 11 o'clock.

Rev. Byrd is a graduate of Murray State College and former pastor of the Oaklawn Baptist Church at Paducah.

For the past two years he has served as a chaplain in the U.S. Army.

Crew Organization Saves Tobacco Work

A new leaflet of the University of Kentucky College of Agriculture and Home Economics giving time-saving and labor-saving ways of taking down, bulking, stripping and pressing burley tobacco tells how a crew of four workers stripped 800 pounds in eight hours, at an average of 220 pounds per worker.

More tobacco was stripped per day in the leaflet states, by placing the fastest and most experienced workers at the bench to strip and press the tobacco on sticks.

A worker who was less experienced in stripping but knew all grades kept the workers supplied with tobacco from the bulk placed the sticks of tied hands of tobacco in the press, carried out the stripped stalks and kept a supply of empty sticks near each worker.

He also stripped or picked up and tied leaves whenever a worker came to the bench, was unable to keep up.

"Crew organization of this type allows each worker to specialize in one phase of the stripping work, with the result that he becomes especially skilled."

Recommendations given in the leaflet are based on records of crews at work on farms in Central Kentucky. The leaflet is called "Preparing Burley Tobacco for Market."

KPA WILL HOLD MIDWINTER MEET IN LOUISVILLE

Annual Session Of State Press Group Starts Tomorrow

The Kentucky Press Association will hold its midwinter meeting in Louisville tomorrow and Saturday.

Gov. Simeon Willis and Arthur Welsh, minister of the Department of Travel and Publicity for Ontario, Canada, will be principal speakers Friday.

Other opening day speakers will include Fred W. Hill, president of the National Editorial Association, who will discuss national newspaper problems, and T. A. Corcoran, purchasing agent for the Courier-Journal and Louisville Times, who will discuss the newspaper situation.

Roundtable sessions for weekly newspaper representatives will be conducted by O. S. Wespe, classified advertising manager for the Courier-Journal and Victor P. Portmann, KPA secretary and journalism teacher at the University of Kentucky, who will discuss national advertising.

Hill will talk on community service, and Virgil Sanders, Carrollton, will discuss the Audit Bureau of Circulation.

Roundtable sessions for daily newspaper representatives will be conducted by Wespe. Frank S. Newell of the Frankfort State Journal will discuss circulation, and Joe O. Jackson, Paducah Sun-Democrat, will speak on news pictures.

A business session will be held Saturday and will include a talk by James P. Sullivan, information executive for the War Assets Administration, who will discuss disposal of surplus property.

Kentucky members of the Associated Press will hold a meeting following the KPA's Saturday sessions.

'Poor Land' Makes 126-Bushel Yield

From the "poorest land in Lee county" 19 years ago to a fertility which produced 126 bushels of corn to the acre this fall is the record made by H. C. Cole of Lower Buffalo.

Mr. Cole told Farm Agent Hollis Hanson that by using lime, phosphate and fertilizer crops and by seeding clover with grasses for hay and pasture, he has built up the productivity of his farm since he bought it in 1927.

Entering the one-acre corn derby contest, he planted Ky 28 hybrid seed, corn on May 1 on creek bottom land which was limed in 1943 and 1946. Two hundred pounds of 3-9-6 fertilizer and 400 pounds of 20 per cent phosphate were applied on this acre plot and then he side-dressed the corn with 175 pounds of ammonium nitrate. Ryegrass was sowed in the standing corn.

Application of ammonium nitrate brought increased yields of tobacco, grain crops and fruit, in tests made by McCracken county farmers in cooperation with the TVA and the Kentucky College of Agriculture.

Increases were as follows: wheat, 12 bushels to the acre, where 129 pounds of nitrate were spread; barley, 490 pounds where 250 pounds of nitrate were used; oat, 5 1/2 bushels; and wheat, 4 bushels, where 100 pounds of nitrate were used.

An application of four pounds of sulfate around each peach tree resulted in a material increase in production.

required than for average or low-quality eggs. What is needed is mainly good, practical production practices and business-like care.

Ann Mason, 24, Lewisport, 4-H Club in Hancock county won the district corn championship with a yield of 1448 bushels per acre.

Veterans Administration estimated the veteran population at nearly 12,000,000 on October 31, an increase of more than 1,000,000 over September 30.

Proper Lighting in Farm Buildings Needed for Efficiency and Safety

By IRA MILLER

Farm Electrification Bureau

Farmers, like individuals engaged in industries other than agriculture, are conducting indoors, need sufficient "light on their work" to perform various chores efficiently and safely.

It is important, therefore, that interiors of farm buildings be illuminated properly with evenly distributed light, for general purposes and with outlets for additional lighting located over all work areas. It also is necessary that such structures be adequately wired to assure that lights, as well as electrical production equipment, operate at minimum efficiency.

Here are lighting-outlet recommendations for some typical farm buildings, as approved by the American Society of Agricultural Engineers:

KIRKSEY CAGE TOURNEY TO FEATURE HARDWOOD MASTERS

On January 28, 30 and 31 and February 1, Kirksey High School will sponsor an Independent Basketball Tournament. Approximately 10 or 11 teams have been invited. So far only four teams have sent in their roster of players. The Tappan Factory Independents, Calloway County Coon Hunters, Hamilton Independents and the Kirksey Red Men. All other teams are urged to send in their list of players as soon as possible.

Once again will the public be able to see stars of yesterday in action upon the hardwood, stars that helped to make themselves and their schools famous in this area. Stars such as Mike Olive from Rod Coleman from New Concord. They helped their team beat Murray High in the finals of the regional tournament at Mayfield and later advance to the second round of the state tournament. Sedalia's ace of yesterday, Cliff Cavender, some of Kirksey's county tournament winners of 39 Doris, Enell, Pokes, Washer and Bill Paschall, Almo's stand-by Ben Grogan, Murray High's mighty Billy Fair, Haver's Robert Waters and Cy Miller, Hardin's big John Padgett. The lanky lad that helped Coach Johnston's crew go to the state tournament, Lubie Veale of Murray High, Jack Haines of Murray, Slide, a former Kentucky intercollegiate crew coach, Cuthin his one and only K.I.A.C. tournament, Tom Copeland, the

main spring of the Coon Hunters, Dale Higgins, the lanky lad from the Training School, and a host of others.

A beautiful trophy will be awarded the winners immediately after the championship game, and on this trophy will be etched these words: "Winners of the Kirksey Independent Tournament of 1947". This tournament is being managed by Principal J. H. Walsdon and Coach Bill Miller, of Kirksey High School.

The date for selecting officials and for drawings has not been decided but the managers will be notified when and where. Here are the rosters of the four teams:

Veterans' Corner

This column is published weekly through the cooperation of this paper. Questions should be mailed to the Veterans Employment Representative, United States Employment Service, Mayfield, Ky.

Q. Can I pay my National Service Life Insurance Premiums at the Veterans Administration Contact Office?

A. No. Contact offices are not authorized to accept remittances for insurance premiums. Payments must be made to establish collection offices or to the Branch Office.

Q. Are there any restrictions in G.I. insurance on the type of work I do?

A. No. The insured may engage in any occupation, no matter how hazardous, live where he likes, and travel in any way he chooses, without affecting the value or cost of his insurance policy.

Q. I have designated the beneficiary in my NSLI policy to be paid in a lump sum. Can the beneficiary have this changed to monthly payments?

A. Yes. In this case the beneficiary may choose any one of the three monthly optional modes of settlement.

Q. My brother was killed in action after four years' service in the Army. The only leave he ever had was after his basic training. Where should my mother write to get his terminal pay?

A. Next to kin of persons killed in military service are not entitled to unused leave pay. The law provides that unused leave shall not survive death. Next of kin of

person killed, in action, already have collected a Government gratuity of six month's pay. Next of kin of persons who died after discharge are, however, entitled to unused leave pay accruing to the person who died and may obtain applications by writing to the proper branch of the service.

Q. I applied for and received a pension for a service connected disability. The original rating was 30 per cent. After six months this rating was cut to 10 per cent and recently, after a physical examination, I was notified my pension was discontinued. I do not believe my condition is improved. If the Veterans Administration refuses to restore my pension, can I bring suit to get back on the pension roll?

A. You may appeal the decision of the rating board to the Veterans Appeal Board. If you lose then you are through. Decisions of the appeal board are final and may not be taken to court.

Full Week Of Cage Tilts Scheduled

Murray basketball fans will have a full week of hardwood battles during the next seven days as all three of Murray's cage teams have tilts scheduled on their home floors.

Murray State's Thoroughbreds meet Delta State here tomorrow night and will entertain Eastern on Monday night. The Breds have beaten Delta 55-43 and lost to Eastern 57-52.

Ty Holland's Murray High Tigers, come home after their first defeat of the season at the hands of Tishamun's Tornado to meet Fulton here tomorrow night. Two games will be played, starting at 6:00 and 7:00 p.m. to give the fans a chance to see the college tilt on the same night. The Tigers play Wickliffe here at 7:30 on Wednesday, January 22. Wickliffe, coached by Tom Farley of Murray, is enjoying one of its best records in years and recently won the Paducah Invitational high school tournament.

Coach Johnny Underwood's Training School Colts go to Bowling Green tomorrow night to challenge the powerful Redmen and then return to Murray to play South Christian High on Monday.

Kentucky Farmers To Get \$7,451,000 For Maintenance Of Soil Fertility

To aid farmers in maintaining the fertility of Kentucky soil, \$7,451,000 of the proposed 1947 Agricultural Conservation Program funds have been allocated to the State this year, M. D. Royce, state director of the production and marketing administration, announced today.

As in past years, these funds will be used to repay a part of farmers' costs for approved conservation practices on their farms during the year or to furnish certain materials, such as lime and phosphate, used in carrying out these practices.

Soil conserving and soil building practices for which the funds may be used were selected from among those recommended by elected farmer committees in the counties.

Approved Practices
Practices approved in this State-wide conservation program for 1947 include spreading ground limestone on farm lands, applying phosphate

to eligible grasses and legumes, applying potash to grasses and legumes, seeding winter cover crops, turning under green manure crops, establishing or improving permanent pastures, constructing stock-water dams and ponds, planting row crops on the contour, terracing and ditching land to reduce erosion and conserve moisture, draining wet land, planting forest trees, and harvesting needed legume seeds.

Each farmer in Kentucky will be able to qualify for assistance in carrying out any of these approved practices needed on his farm. To insure an equitable distribution of the funds, a farm allowance is set up for each farm in the State. This allowance is based on the cropland and non-cropland acreage in the farm.

Needs Given
While farmers have carried out many soil conserving practices in the conservation programs of recent years, only a start has been

LYNN GROVE WILDCATS TOP FULGHAM BY 47-37 SCORE

Lynn Grove's Wildcats welcomed the Fulgham Black Cats to Lynn Grove last Friday night by handing them a 47-37 shellacking.

Lynn Grove, behind the shooting of Smotherman, held the lead all the way. The visitors' greatest threat came in the third quarter when the Wildcat lead was cut to three points.

made on the total job that needs to be done. According to recent estimates of soil conservationists, the following are some of Kentucky's most urgent conservation needs:

- (1) A basic application of 16 million tons of lime to approximately 8 million acres of farm land. Even after this basic application, farmers would need to spread one and a half million tons of lime annually to maintain soil fertility in the State. Of the State's entire cropland acreage, all but about two million acres need lime.
- (2) Application of 183,000 tons of phosphate annually. In terms of 20 percent phosphate material, this would mean an annual application of nearly a million tons.
- (3) Application of approximately 90,000 tons of potash annually.
- (4) Seeding of winter cover crops on approximately 2.5 million acres planted each year to cultivated crops and on about 3 million acres of lespedeza soil.
- (5) Improvement of 4 million acres of pasture land by treatments such as fertilizer applications and additional seedings, and establishment of 2.5 million acres of new pasture.
- (6) Construction of 180,000 farm stockwater ponds.
- (7) Contour planting of more than 2 million acres of row crops annually.
- (8) Terracing and ditching of more than 2.5 million acres of cropland to reduce erosion. It is estimated that only 5 per cent of the terraces needed have been built.
- (9) Ditching of more than half a million acres of land now wet for cropping by construction of open ditch or tile drainage systems.
- (10) Planting of more than one and a quarter million acres of forest trees on land not suited for cropland.

Hay Is Needed
While there points cover most of the State's major soil conservation needs, they do not cover all practices needed. In addition to the acreages listed, Kentucky needs more than a million acres of perennial hay crops, including around 250,000 acres of alfalfa, and another million acres of hay crops grown in the regular crop rotation.

In order to meet some of these conservation crop needs, Kentucky needs to produce more legume and grass seeds. To bring this about, payments are offered under the 1947 program for harvesting the following seeds: Alsike clover, crimson clover, red clover, white (Dutch) clover, biennial white or yellow sweet clover, or hairy vetch, sweet vetch or with a small grain support crop.

First Christian Church

(Ed. note: This is the first of a series on Murray churches.)
The county seat of Calloway County was located in Murray in 1843. The first two public buildings erected in Murray were the Court House and the Christian Church. Although the congregation had been meeting in a school house previous to this time, the first church building was completed in 1844, located on the lot now occupied by the residence of the late Nat Ryan, Sr.

Due to the death of many of the outstanding leaders, the church suffered a severe setback. It was not until April 3, 1858 that the congregation was reorganized with an active membership and during the next 40 years, a remarkable growth in the church's history.

The congregation continued meeting at this site until 1867-68 when they moved to the present location. The building preceding the present one was owned and jointly used by the church and the Odd Fellows Lodge, the upper story being used as the Lodge hall.

The progress of the church was greatly hindered by the fact that the building was owned by two distinct institutions and interests. In August 1869, the congregation began efforts to purchase the large interest in the property and to erect a church building, reaching consummation in 1902.

On September 1, 1904, the cornerstone of the present building was laid. On October 8, 1905, the new building was dedicated. During the 89 years of the church's history, the church has maintained a steady growth and has sought to witness for Christ in the community and unto the uttermost parts of the earth.

James Nix Children Win Honors At Detroit

Murray residents will be interested in knowing that the little son and daughter of Mr. and Mrs. James Nix won special honors in a Prize Baby Show that was recently conducted by the Wayne County Council Ladies Auxiliary Veterans of Foreign Wars and Coronation Pageant, Detroit, Mich.

Mr. Nix, the son of Mrs. Gus Nix, 305 South Fourth street, Murray, and Mrs. Nix, the former Edna Sue Toler, daughter of Mr. and Mrs. Early Toler, Paris, Tenn., are well-known here.

The little son, Donald Francis, age four years, was runner-up for Master Detroit, and was selected from 4500 children under five years of age. The little daughter, Jimmy Sue Nix, age two years, was the runner-up for Little Miss Detroit. They were each awarded a gold loving cup and a scene test. In addition, they each received a blue ribbon and a certificate for health, personality and friendship.

Donald Francis received 98 per cent in the senior class and 96 per cent in the beauty division. Little Miss Jimmy Sue's rating was 99 per cent in the first division and 95 plus in the beauty contest.

Mr. and Mrs. Nix have been residing in Detroit for several years. He is manager of Ball, "America's Most Beautiful Dining Room". Their residence is at 808 West McNichols, Zone 3.

Murray State's Thoroughbreds Lose to De Paul By 50-47 Battle At Paducah

Murray's Johnny "Red" Reagan cut loose with a barrage of 23 points against the Demons of De Paul University in a charity tilt at Paducah Monday night but the Demons racked up a 50-47 win.

Murray rallied to an early period lead and had an upset in the making when the Demons, bolstered by the backboard play of Ed Mikan, stepped up the attack to take a 44-28 lead midway in the last half.

Sammy Yukovitch, De Paul sub, started the Demon comeback when he bagged 10 points. However, it was Ernie BiBenedetto who made three baskets for the Demons in the closing minutes of play, who put the game on ice.

Killer Of Father Of 26 Gets Two Years At Wickliffe

WICKLIFFE, Ky., Jan. 10 — Charles Hawes, charged with manslaughter in the fatal shooting of his stepfather-in-law, Tom Fitzgerald, on a farm east of Wickliffe last June 8, pleaded guilty in the January term of the Circuit Court held here this week and received the minimum sentence of two years in prison.

Hawes killed Fitzgerald, father of 26 children by three wives, with a shotgun following a series of family quarrels which began about two weeks earlier when Fitzgerald moved to the Hawes' home from Missouri.

Wilson Hawes, father of Charles Hawes, was also indicted in the shooting, but charges were dropped against him when young Hawes pleaded guilty.

The March of Dimes Began Yesterday

The March of Dimes drive began yesterday. "This drive," says Claude L. Miller, chairman, "is to fight the dreaded disease of polio or infantile paralysis, which each year cripples and kills thousands of our people."

Mr. Miller is making it convenient for everyone to make his or her contribution. Boxes will be placed in all public places and committees have been formed to make personal solicitations.

It is significant that any drive that has been made in Murray has been an overwhelming success. Of all drives that have been made, this one may be considered the most important. Money is needed not only to treat those children and adults who have become victims of this disease, but it is needed for more research into the causes and possible cure of the disease.

When you are approached by one of the solicitors, just keep in mind that this disease is not mindful of where it strikes. It can tomorrow strike every member of your family, leaving in its wake death, maimed limbs, and misery.

The best possible success is wished for Claude Miller in his chairmanship of an important drive.

BY EWING GALLOWAY

It would be pinning too many orchids on the Committee for Kentucky if we claimed all credit for sparking the entire nation-wide movement for better pay for school teachers, but the organization's revelations a year ago were felt in every corner of the country. But we can take unto ourselves a considerable share of the glory. A magazine article which a few Kentuckians resented because it painted a deplorable picture helped to arouse millions of people to a decline in elementary education in their own states and moved them to do something about it.

California has a new constitutional amendment setting \$24,000 a year as minimum salary for teachers throughout the state.

Michigan has a sales tax that is expected to increase the expenditure per pupil from \$39 a year to \$40, or 33 1/3 per cent.

Oklahoma empowered local school districts to increase school taxes. The measure is similar to that which the Kentucky Legislature enacted early last year.

Oregon's new law equalizes educational opportunities and stabilizes year-to-year school financing. This idea seems to be better than fixing limits for long stretches, because the cost of living fluctuates and state governments can act accordingly.

Utah has established new school standards to be maintained by state funds and allotted all state income taxes to the public school fund.

A few state legislatures have voted down measures to improve public schools. But most of these can be counted on to reverse themselves in the near future, because it is a matter of either raising more funds or seeing their schools sink lower and lower.

California's lift is from \$92,000,000 a year for school purposes to \$138,000,000. The poorer states cannot cope with the wealthier Golden State. They can, however, increase their school revenue according to their resources. Kentucky's average increase per county or school district is, proportionately, very close to the California gain. Before our legislature acted last winter we were third from the bottom in money spent per classroom. Mississippi was \$100; Arkansas \$500 and Kentucky \$700. Georgia came next with \$800. At the top was New York with \$1100 per classroom. These were averages. The extreme low in the United States was \$100 per classroom.

In the last three months the press of the nation has given more attention to our declining schools than it ever gave before in any ten-year period. And much good will come of it.

But getting more money for teachers will not solve the country's educational problem completely. The people must be aroused to the necessity of cooperating with school boards, superintendents, principals and teachers.

Here in Kentucky the public for the most part was absorbed in less important things while the schools drifted steadily toward the bow-wows.

Kentucky Remains Free From Beetles

Kentucky has many blessings, not the least of which is its freedom as indicated by survey in 1946, from such insects as the Japanese beetle and white-fringed beetle, says a statement by entomologists at the Agricultural Experiment Station at Lexington.

Of foreign origin, the above insects were not found in Kentucky. Adults feed upon leaves and stems above ground and the larvae north and east of Kentucky.

KOREAN LETTER RECEIVED HERE

Nancy Whitnell Is Stationed In Seoul By U. S. Government

The following letter, written by Miss Nancy Whitnell, daughter of Mr. and Mrs. Bernard Whitnell of Murray, is one of the most interesting to be brought to our attention in quite some time.

Miss Whitnell is a graduate of Murray High and Murray State College. She was very active on the campus at Murray and has many friends in Calloway County. She is now working in the American office of Foreign Affairs, Seoul, Korea.

The letter follows:

Dear Mother and Daddy: December 13, 1946
After an exciting trip over, I am now all settled here in Seoul, the capital of Korea. My job is wonderful—I am the Chief Clerk in the Office of Foreign Affairs with an excellent opportunity for advancement. The really nice thing about it is that I am working with the rising young diplomats. I had so much fun with in Seattle. They speak Japanese, Chinese and are studying Korean (which I am going to do when classes start). One of them is the Advisor on U.S. and European affairs (Russia, etc.) and the other has the Chinese desk. There is a Korean counterpart for each important job.

For a while, I thought my cable to you from the ship was a bit premature—our ship got stuck on a sandbar, 10 miles out of Inchon (Jinsen on the map) in the Yellow Sea, the port 35 miles south of Seoul. We got stuck at high tide which is 30 feet here and there was real panic when the tide went out and we were being left high and dry. The ship nearly capsized and two rescue ships got stuck on the sandbar also. (We got on the thing to avoid flooding mines). Finally a ship (LSM) came along side and we climbed down the ladder, baggage and all at 11 that night with temperature at 15 below zero! Got to Seoul about three hours later and were billeted at the Young Nak Hotel, a pretty Japanese style. The Japanese occupied Korea for 35 years, or until the war was over. Korea is truly a fascinating country and being here is a big thrill. At times it is cold and uncomfortable, but the office has no heat—no Japanese, and no apartment. Gen. Hodge addressed the body and high Korean officials presided. The chamber was typically Oriental with colorful murals and rich paneling and fine marble. Much by a Korean orchestra dressed in the traditional costume with red silk robe and tall black hat made thrills run up and down the spine of every one present. No Japanese could begin to approach this for East.

Did I write you about my trip in Tokyo and Yokohama? We were in port of Yokohama for three days and went on a conducted tour of Tokyo—all the famous spots—Emperor's palace etc. Tokyo is so westernized that I was glad to get on to Korea. While at the Grand Hotel in Yokohama, whom should I meet in the ball room but Jean Ryan from Murray. Tell his Mother. He looked swell! We had a nice get together.

Big News! Starting December 21st I'm going to teach English to Princess Lee and her sons of the royal family. They haven't held any position for years since the Japanese occupied them, but I'm still something. I had a real Korean dinner there the other day. Fifteen hours. Had "sixteen" helpings of sukiyoki, beef-noodles, celery, onion, etc. all mixed up. They don't speak and don't understand English and I know about three Korean words. More fun!

Bea and Ben Swindell live at Inchon, the port, and I had a marvelous weekend with them last week. Just that a coincidence. I will write there when I get settled, but I wanted you all to know how wonderful this is. Sorry I can't send you anything for awhile, but I'll get you some more Christmas from Korea! Lots of love.

Farmers Are Told Survey Of Rural Roads Is Planned
State Highway Commissioner Stephen Watkins told delegates to the annual convention of the Kentucky Farm Bureau Federation this week that a survey is planned with-

in a year to determine the road needs of rural areas.

We cannot expect the Utopia which means 50,000 miles of improved Kentucky roads within five years, Watkins said, but I do say that careful planning and intelligent effort will some day achieve this end.

The federation closed its three-day convention with the election of officers and directors. Lewis F. Allen of Bowling Green was re-elected president for his third term. Chosen first vice president was H. M. Roseberry of Bourbon county. J. Fred Page of Cumberland county was named second vice president.

The following directors were elected:

Roscoe Stone, Fulton county; M. W. Thomas, Trigg county; Richard Coker, Ballard county; Lewis F. Allen, Warren county; C. A. Dempewolf, Henderson county; Webb Sagg, Union county; Garland Harris, Todd county; Seagan Jones, Jefferson county; Alex Verech, Shelby county; Burl S. St. Clair, Grayson county; Guy Pirtle, Hardin county; A. C. Gross, Grant county; H. W. Voytram, Campbell county; J. B. Lawdeter, Scott county; H. M. Roseberry, Bourbon county; H. S. Value and Care of Tobacco Stalks

By HILTON WILLIAMS

Vocational Agriculture Teacher, Lynn Groves

Tobacco stalks are an important by-product on Calloway County farms. The main value at present lies in the great amount of fertilizer nutrients, especially nitrogen and potassium they contain. In ordinary farm practices in Calloway County, the full fertilizer value from the stalks often is not obtained because of considerable loss of nutrients in handling and storing. The whole stalks, bulky and woody as they are, are difficult to spread on land, and when spread may interfere with the operation of farm machinery. For this reason too many tobacco stalks throughout the county are piled outside the barn to weather and rot away, or are spread on an idle field where the value is not fully utilized.

A study from the Experiment Station shows that on the average for each 1,000 pounds of leaf produced there are about three hundred pounds of stalks. Further experiments show that there are approximately 55 pounds of nitrogen, seven pounds of phosphorus and 50 pounds of potassium. At the present prices of commercial fertilizers this would mean for each ton of stalks produced a saving of \$10.50 in fertilizer value alone.

The greater part of nitrogen, phosphorus and potassium in tobacco stalks is soluble in water and easily lost if the stalks are exposed to rain. On the average 75-90 per cent of these fertilizer constituents are lost when exposed to the weather outside of the barn.

Plant nutrients leached out of tobacco stalks during the winter are to a greater or less extent taken up and held by the soil minerals or by the micro-organisms and cover crops that grow in the soil. Ammonia nitrogen is absorbed by the soil and this and other soluble forms are taken up by bacteria and crops. Potassium and especially phosphorus are largely absorbed by the soil.

In view of the above facts the following suggestions in the handling of stalks are recommended. Immediately after stripping, the stalks should be piled and stored under cover till spring, however if it is necessary to pile them outside they should be stacked in large piles to reduce the loss from weathering. Putting straw in outside piles is advisable when possible.

Winter spreading of stalks should be done only in fields where there is pasture, meadow or small grains. Stalks spread on land to go into tobacco should be spread during the winter and should be completely plowed under. This procedure will avoid any possible trouble from mosaic diseases.

For ordinary farm crops stalks should not be applied at a rate higher than one ton per acre.

Stalks may be used for bedding, provided straw in sufficient amount to keep the animals clean is used, with little or no danger of poisoning the animals.

On the basis of the study I should like to stress the importance of preserving tobacco stalks on each farm in Calloway County in order that their full value may be received.

in a year to determine the road needs of rural areas.

We cannot expect the Utopia which means 50,000 miles of improved Kentucky roads within five years, Watkins said, but I do say that careful planning and intelligent effort will some day achieve this end.

Letter To Editor

The Ledger and Times frequently receives letters from its readers requesting that the letter be placed in the paper. The Editor is only too glad to do this, but cannot when the letter is not signed. It is not necessary that the signature of the writer be printed, but it is necessary to know who wrote the letter.

To The Editor:

In building an all-volunteer peacetime Army, we are asking your assistance what has been most wholeheartedly and generously given in the past.

We have received our initial goal to stabilize approximately 1,000,000 volunteers for the Regular Army by July 1947. Nearly half of the men now in service are short-term soldiers, who will earn their rights to discharge during the coming months. In addition to replacing these men, we must continue to raise our personnel standards to have as many recruits as possible that are exceptionally intelligent, to cope with the scientific equipment of the Atomic Age. We must also increase the emphasis on getting more three-year volunteers in the Army in order to reduce turnover.

We are entering a most crucial phase of this recruiting campaign. This means that we must continue to enlist, or re-enlist 40,000 men a month for months to come if we are to maintain a volunteer Army at its full strength. That is a real problem.

It is my earnest hope that we can count on you to help in putting the facts before your readers. The Regular Recruiters, The District Headquarters, and the War Department sincerely appreciate the generous help already given and we hope that you will continue with us as this recruiting campaign, which so deeply affects the public interest, moves forward.

Yours very truly,
Geo. S. Kilpatrick,
Capt., A.C. Adjutant

AMENDED STATEMENT FOR FORMATION OF LIMITED PARTNERSHIP

WHEREAS, we, the undersigned, Curt Jones and Everett Jones, did on the 7th day of February, 1946, effect the formation of a limited partnership, and

WHEREAS, we do now desire to change the said statement of limited partnership.

NOW, we, Curt Jones and Everett Jones, do hereby amend said statement for formation of limited partnership to read as follows, to-wit:

We, Curt Jones and Everett Jones, the postoffice address of each of whom is Murray, Kentucky, have formed a limited partnership, under Chapter 362 of Kentucky Revised Statutes, for the purpose of conducting a retail variety store business under the trade name of "BEN FRANKLIN STORE," at 410 West Main Street, in the City of Murray, Calloway County, Kentucky.

Curt Jones is a general partner, and has contributed the sum of \$3,500.00, in cash, to the partnership. Everett Jones is admitted of special partner, and has contributed the sum of \$3,500.00, in cash, to the partnership, making a total of \$7,000.00 contributed to the partnership by all the partners.

The duration of the partnership is to be for a period of twenty-five (25) years, unless sooner dissolved by law or by agreement of the parties commencing with the date this amended statement becomes effective, to-wit: January 30, 1947, and ending on the 30th day of January, 1972; and the name or style of the firm shall be "CURT JONES & COMPANY."

Given under the hands of the parties, this 8th day of January, 1947.

STATE OF KENTUCKY
COUNTY OF CALLOWAY, SS.
I, Waylon F. Rayburn, a Notary Public in and for State and County aforesaid, do hereby certify that formation of a limited partnership was produced before me in said County by Curt Jones and Everett Jones, and acknowledged by them, and each of them, to be their act and deed.

Given under my hand this 8th day of January, 1947.

But The Laborers Are Few

Every reputable college and university in the United States is overflowing with students. High school enrollments are still on the increase. Elementary schools are full, and a big crop of pre-school youngsters are causing school administrators no little anxiety.

Building materials will be made available some day. Teaching materials may now be had at a price, and a well trained and creative teacher will save much of the price. But where will we get such teachers? There are more than 5,000 emergency teachers in Kentucky now and relatively few of the college enrollees expect to teach.

Really, folks, this job of teaching is not so bad though we don't get rich very quick. It has been necessary to show the black side of the picture during the last few years in order to awaken the public to the forgotten pedagogue—or rather the forgotten children who are subjected to teachers' care at the most critical period of their lives.

There is some compensation for teaching in ones position to mold character, to be influential, to associate with the best people, to enjoy some of the cultural elements of life, to have fun with youth and to know that one is having a vital part in shaping the affairs of "tomorrow."

The world of the next generation will be better both materially and spiritually only as PEOPLE are made better. A great deal of such needed change will come through the school, the greatest factor of which is the teacher. Look on the fields, that they are white already unto the harvest.

Sports Afield

By Ted Kesting
What is the actual status of our
duck population?
According to the annual water-
fowl survey conducted by Jimmy
Robinson, the duck picture is not
as good as it was in 1944. His
survey as usual is based upon per-
sonal observations from the Pas in
northern Manitoba early in the
fall, to Louisiana at the close of
the season January 20th. He also
contacted the State and Provincial
game officials to make his report
the most authoritative of its kind.
In his poll, 26 states reported few-
er ducks, 5 states reported no
change, and 17 states indicated an
increase. Canadian Provincial of-
ficials confirmed the early estimate
by Ducks Unlimited that a slightly
greater number of ducks flew south
from the northern breeding
grounds than during the preceding
autumn.

With more ducks coming off
the breeding grounds, yet fewer
observed on their flight south, what
happened to them? Dr. Ira Gab-
rielson, director of the U.S. Fish
and Wildlife Service, says that
these ducks were killed by the
hunters in the fall of 1945. He
made the alarming statement that
more ducks and geese were killed
last fall than were produced on the
northern breeding grounds.

There was an increase of 300,000
hunters last fall as compared with
1944. The hunters had more time,
more gasoline, and more shells. In
this connection, we can expect an-
other increase in hunters next fall.
In fact we can well expect the
number to grow to two million.
We cannot depend on an excep-
tional hatch this summer, in fact we
always will have to be prepared
for the return of drought conditions.
Then what can we do to be sure
that our ducks are spread around
so everybody gets a few, and still
send more ducks back to the breed-
ing areas each year?

First, we will have to expect and
welcome a decrease in bag limit
and length of season. It should be
borne in mind that if every duck
hunter last fall got his limit every
day for just a week, there would
not have been a duck left on the
continent. We will certainly have
to insure an adequate brood stock.
Second, we will have to provide
more adequate resting grounds in
the south.

Third, more ducks will have to
be produced in our northern states
and in Canada.
We hunters will have to be con-
tent with shooting fewer ducks, and
we must back duck rehabilitation
and protection efforts wholeheart-
edly.

VA HELPS VETS FINANCE
BUSINESS ENTERPRISES
The Veterans Administration is
helping 3,271 World War II veter-
ans in Ohio, Michigan and Ken-
tucky to finance new business en-
terprises under provisions of the G.
I. Bill, according to George C. Stur-
geon, loan guaranty officer for the
VA's tri-state Branch Office in Co-
lumbus, Ohio.

Sturgeon reported that up to the
end of 1946 the 3,271 veterans had
borrowed under the G.I. Bill, \$10-
127,117 to finance business projects.
The VA guaranteed repayment on
\$4,143,111 of the total.

In Ohio, 1,082 veterans had bor-
rowed \$3,671,323 to enter business.
A total of 1,702 Michigan veterans
had borrowed \$5,011,197 for busi-
ness purposes and in Kentucky,
487 veterans had negotiated \$1,444-
98 in business loans.

The VA will guarantee up to
\$4,000 on real estate loans or up to
\$2,000 on personal property loans,
but not to exceed 50 per cent of the
total loan.

VA NOW DESIGNATES
G.I. LOAN APPRAISERS
In a move to protect veterans
against over-priced properties, the
Veterans Administration hence-
forth will designate by name the
appraisers who will determine the
"reasonable value" of property on
which veterans seek to negotiate
G.I. loans, according to loan guar-
anty officials at the VA's Ohio-
Michigan-Kentucky Branch Office
in Columbus, Ohio.

The new system will end the pro-
cedure in effect for the past 15
months under which any lending
institution was permitted to select
any appraiser from a panel of local
appraisers whose general qualifica-
tions had been reviewed and ap-
proved by VA. This plan proved
susceptible to abuses which more
than offset its advantages. VA
now is in a position to designate its
own appraisers without delay and
the changeover will not retard the
processing of G. I. loans, officials
said.

EDUCATION, TRAINING
ENROLLMENT INCREASES
The number of World War II veter-
ans receiving education and
training benefits administered by
the Veterans Administration in
Ohio, Michigan and Kentucky
reached 255,530 as of January 1, an
increase of 16,241 over December
1. It was reported today by officials
at the VA's tri-state Branch Office
in Columbus. Of the total, 232,318
veterans were enrolled under Pub-
lic Law 346 (G. I. Bill) and 23,212
under Public Law 16 (Vocational
Rehabilitation Act).
The total enrollment included
131,232 in Ohio, 92,119 in Michigan

DOCTORS OF OSTEOPATHY TO BE APPOINTED BY VA

Arrangements have been com-
pleted for the appointment of doc-
tors of osteopathy to serve in the
Veterans Administration Depart-
ment of Medicine and Surgery, ac-
cording to the VA's Branch Office
at Columbus, Ohio.

A doctor of osteopathy, to be
eligible for appointment, must be a
U.S. citizen, hold a degree of doc-
tor of osteopathy and must have
completed an internship satisfac-
tory to VA.

CANTEEN SERVICE
TAKEN OVER BY VA
The first canteen in a Veterans
Administration hospital in the Co-
lumbus Branch area to be operated
by the Veterans Canteen Service
was opened in December at Breck-
sville VA hospital, Cleveland. The
Veterans Administration received
legal authority in the closing ses-
sion of the 79th Congress to operate
canteens along the lines of the
Army's PXs and the Navy's ship
stores which served the veterans so
well while they still were in uni-
form. Raymond J. Novotny, Di-
rector of Special Services for the
Columbus VA Branch Office, stat-
ed that canteens at Grile VA hospi-
tal in Cleveland, Nichols hospital
in Louisville and Fort Custer,
Michigan are in the process of be-
ing equipped and activated. Plans
are being prepared for taking over
all concessions in the Branch Area
prior to May 1, 1947.

JESUS INTERVIEWED BY NICODEMUS

LESSON TEXT—John 3:1-11, 16, 17.

MEMORY SELECTION—Except a man be born again, he cannot see the kingdom of God.—John 3:3.

How does one become a Christian? This was the question of Nicodemus, and it is the question in the hearts and minds of thousands in every generation. The answer is clear and definite.

The only entrance into the Christian life is by the door of the new birth. Regeneration is the act of God whereby the divine nature is imparted to the believing sinner and he becomes the child of God. He who has not entered by this way has not entered at all. He is still dead in trespasses and sins, without God and without hope (Eph. 2:1, 12).

The Pharisees who looked for the coming of the Messiah as a secular conqueror wondered at this new spiritual leader. It was probably as much on their behalf as on that of Nicodemus that Jesus came to inquire of Jesus. In answering his questions Jesus reveals the necessity, the nature, and the method of regeneration.

I. The New Birth—a Necessity (vv. 1-7).

Our Lord's visitor was a man of distinction and standing in the community, but Jesus was not unduly impressed by the dignity and high station of his visitor, nor by the visitor's conspicuous knowledge of the Scriptures. He regarded him as a man in need of a great teacher. With decisive boldness Jesus declares that this man, a cultured and distinguished ruler of the Jews, must be born again, if he is to see the kingdom of God.

God is no respecter of persons. The doctor of divinity must be born again just as much as the illiterate fisherman. D. L. Moody once said that it was not his own words, but the words of Jesus that made such a man as Nicodemus, that Jesus presented the necessity of the new birth, or men would have said that only the down-and-outer needed to be saved.

Our reasons are given by our Lord for the "must" of verse 7: (1) The kingdom of God is a spiritual kingdom and cannot be entered by way of our human nature; (2) The kingdom of God is of the flesh is flesh; and it is radically and essentially bad. To learn why that is true read Jeremiah 13:23 and Galatians 5:19-23.

Scripture on this point is almost diametrically opposed to much of the teachings in our schools and colleges. But God's Word is right; let us follow it.

II. The New Birth—a Mystery (vv. 8-11).

God has graciously revealed to us "all things that pertain unto life and godliness, through the knowledge" of Christ (II Pet. 1:3). But it is true—and we say quite appropriately true—that he has some things hidden in his own blessed counsel. We know the experience of the new birth. We see the blessed results of regeneration. But what actually takes place is a divine mystery, not fathomable by human reason. Those who insist that all spiritual truth be put through the little room of their intelligence will never understand it or receive its blessing (I Cor. 2:14).

The striking illustration of the life-giving and energizing wind used by our Lord is most illuminating. Wind is unseen, but the results of its movement are evident. Even so the spiritual rebirth of men is an enigma to the worldly man, but even he can see its results in godly living.

We know that regeneration is not only a possibility, but an actuality, a fact, in truth, the greatest of all facts.

III. The New Birth—a Reality (vv. 16, 17).

Just as there was healing and life in a look at the uplifted serpent in the wilderness (Num. 21:8), so there is life for a look at the Crucified One. Faith receives God's perfect provision for sin.

Verse 16 may well be regarded as the greatest sentence in the greatest Book in the world. It presents the whole plan of salvation—its source, its ground, its recipients, its condition, and its result.

This glorious salvation is for all men—"whosoever"—but some reject it. Notice that God does not condemn them. Their own evil works and desires condemn them (vv. 17-20). God in his grace is ready and willing to save, but men love "darkness rather than light" for their works are evil.

Our tender, loving heavenly Father has no desire to condemn anyone. The man or woman who falls under his condemnation of sin does so by choice. God's desire is that all should be saved.

Will you, unbeliever who reads these lines, respond now to his gracious invitation?

State Vehicle Laws Will Be Published

Motor vehicle laws of Kentucky are to be published in booklet form for general distribution, J. Stephen Watkins, Commissioner of the Kentucky Department of Highways said recently. The booklet of about 100 pages will contain all laws relating to passenger vehicles, as well as the regulations of the Division of Motor Vehicles in connection with truck and bus operation.

The new truck law and the roads designated by the Commissioner of Highways for increased weights will be carried in full.

CALVES AVERAGE \$102

Duke Wake of the Kuttawa community in Lyon county, who is following the cow-and-calf plan, sold 19 calves last fall which averaged 585 pounds and brought approximately \$102 per head, net sales price after pasture and other expenses were deducted. Farm Agent Aubrey M. Warren said that 100 of the calves sold for 14½ cents per pound, 15 for 17½ cents and another for 16¾ cents. One calf, not sold by the pound, brought \$102.

Eight Federal Highway Building Jobs Included in Second "Letting" of 1947

Eight federal highway building projects are included in the second "letting" of 1947 to be held on January 31, J. Stephen Watkins, Commissioner of the Kentucky Department of Highways, has announced. Work on secondary state roads is scheduled for Adair, Russell, Crittenden, Hart, Henderson and Monroe counties; while federal primary roads in Hopkins and Marshall counties will be improved. One urban federal project in Hopkinsville is included in the request for bids.

The program represents an estimated total cost of nearly \$1,000,000 and will include the following projects:

In Adair and Russell counties, the Sewellton-Croesus road from KY 35 about 1 mile south of Sewellton to KY 35 near Croesus. The road will be reconstructed for a traffic bound surface a distance of 6.5 miles.

A street in Hopkinsville carrying traffic on US 68 from near the state hospital to one block west of Belmont Street, 1.5 miles, grade, drain and high type surface.

The Tolu-Fords Ferry road in Crittenden county from Tolu to KY 91, 6 miles, grade, drain and traffic bound surface.

Bituminous surfacing of the Horse Cave-Three Springs road on KY 218 in Hart county, 6.7 miles.

Grade, drain and bituminous surfacing of the KY 136 in Henderson county from Geneva through Smith Mills, 4.9 miles.

A dangerous curve on KY 85 near Nebo in Hopkins county is to be straightened.

Thoroughbreds Down Morehead 58-53

Murray State's Racehorses of the hardwood shook off the hangover of their defeat at the hands of Eastern State last Thursday night in time to down Morehead 58-53 in the Eagles' gym the following night.

In a KIAC clash that went to the overtime period, the Thoroughbreds pulled away from a 53-53 deadlock to gain victory in the closing seconds of play. The game was standing at 40-40 at the end of regular play.

Morehead was riding a 26-22 lead at halftime.

Win State 4-H Championships

Mary Jo Ridley John M. Park, Jr. Shirley Porter Sue Huber

In recognition of their outstanding 4-H records in 1946 Dairy Foods 4-H Demonstrations, Frozen Foods and Meat Animal activities, five Kentucky club members will receive state awards. The winners and brief outlines of their records follow:

Mary Jo Ridley, 17, of Beaver Dam, is Kentucky's top ranking participant in the 1946 National 4-H Frozen Foods Activity. She receives the state award of a \$50.00 U. S. Savings Bond provided by International Harvester Co. Her record shows that she prepared and packaged 713 pounds of meats, poultry, fish, vegetables and fruits for placement in the home freezer, to lend variety to the family diet. Mary Jo stated in her record that meats and chickens stored in a frozen-food locker seem to be more tender. She took part in 12 team demonstrations and won placings on many of them.

John M. Park, Jr., 20, of Richmond, receives a 17-jewel gold watch provided by Thomas E. Wilson, Chicago, for having the highest rating state record in the 1946 National 4-H Meat Animal award program. John's six-year record in 4-H work shows that he handled 44 baby heaves and 58 sheep. He won many placings on his meat animal exhibits, including \$22.00 in cash prizes.

All of these activities were conducted under the direction of the Extension Service of the State Agricultural College and USDA co-operating.

Navy to Present Bronze Plaques To Murray, Berea

Louisville, Jan. 13—The Navy Department will award bronze plaques to Berea College, Berea, Ky., and to Murray State Teachers College, Murray, Ky., in recognition of their part in the Navy's wartime training program, it was announced yesterday.

Vice-Admiral George D. Murray, commandant of the Ninth Naval District, said presentations will be made at the schools with appropriate ceremonies.

Similar plaques will be awarded to 53 other colleges for lending instructors and facilities to Navy training.

Members of homemakers clubs in Henry county have made more than 200 lamp shades.

Kentucky Bell's News

Hello, how's everyone? I have been reading some more good letters in the Ledger and Times.

Brownie, I enjoy your letters. I can hear from the old home friends.

I see that one of the home boys, Hubert Brent Clayton, and Miss Edie Green were married recently.

Kentucky Belle wishes for this young couple good health and many happy years.

I like your letter, too, Cedar Lane and all the others. I saw that Mr. and Mrs. Ocus Albright of near Providence moved last Monday north of Murray. They are some more of my old friends.

Mr. and Mrs. Norman Washburn and Mrs. Erwin Wolf were Sunday guests of Louis Washburn and family.

Ray Johnson and Robert Martin of North Thirteenth street are spending a few days in Tupelo, Miss.

Dr. Robert Hahn was called Monday to see Miss Bernice Wilson of North Thirteenth street who was very ill.

Lewis Washburn left Monday for Camp Campbell where he is employed.

Alvin Grubbs, Otis and Jesse McClure, Jerry and Bill Simmons were at Murray Monday.

Mrs. Lee Outland, Vine street, is confined to her bed and very ill. Sorry to learn of the death of Willie Craig who died Sunday night.

Mrs. Margaret McClure is spending this week with Mr. and Mrs. Fred McClure of Murray.

Mrs. Everett Bucy of Evansville, Ind., is visiting in Murray for a few days.

Mr. and Mrs. Kymois McClure and son, James Gary, and Mr. and Mrs. Damillas Wrye are visiting relatives in Metropolis, Ill.

MURRAY INDEPENDENTS DOWN DUBLIN BY 66-52

The Murray American Legion sponsored Independent basketball team, current contenders in the Tri-State league, downed a Dublin squad 66-52 in a game played in Murray Monday night.

"Long John" Padgett, former Murray ace, racked up 22 points to lead the Murray aggregation but Stephenson, Dublin pivotman, accounted for 23 to become high point man.

After a first quarter which ended in a 15-15 deadlock, the Murrayans slowly built up the lead until they enjoyed a 10 point advantage at the end of the third frame.

Putting Something in the Paper . . .

Back from market with a lot of promises; but really did get some needed yard goods.

1500 yards good quality Brown Sheetting, already received.

10 dozen Duck Head and Big Buck Overalls, already received.

14 dozen Work Shoes, on spring allotment.

5 dozen Ladies' Oxfords, already received.

10 dozen Childrens and Infants Shoes, already received.

25 dozen Mens Work Shirts, already received.

15 dozen Work Pants, already received.

All of these items were contracted for before the last rise, and will be passed on without the advance.

I think the prices are held-up because of the export demand at higher prices. I don't know what they are using for money, but exports are really getting the goods.

I warn you who need tobacco canvas to get it quickly as you find it, for it is not in sight. I have 30 covers in stock, 3 yards wide and 33 1-3 yards long; hoping to have more but cannot promise definitely now. I am not concerned about profits on canvas but worried about results if you don't get it.

The things you need are not cheaper or really more plentiful yet but hope they will be before next fall.

I have watched at home and at every town I passed through, and in the retail districts of St. Louis to see if any sacrifices were being made by the retailers, but do not recall a single one.

Some stores have half-price signs out front but on investigation inside one finds only items of doubtful caliber, and things that will not fire when placed along with standard brands.

If you can wait for a season, do not buy, as that indicates you can do without. Stores are not giving good merchandise away — only the funny looking things they should not have bought in the first place.

The market on merchandise is not going to break until they break the farmers, so if farmers will stick together and join up with the Farm Bureau they can be advised as to when declines that mean anything are coming. If you are not a member, join now, so that your representatives may stay in touch with what the government is going to do to support you. Don't worry about a little decline if the price you have to pay comes down.

Great headlines are made when Hogs decline a half cent or cotton declines one dollar a bale, or tobacco declines a dollar on the average, but be ready with your Farm Bureau on the job when real declines are in sight.

If you are not registered to vote, better see the County Clerk, as next August we nominate a candidate for Governor. We have a good chance to nominate and elect a native son, Harry Lee Waterfield. Certainly farmers and school people will be interested and we might fare better in roads.

Come in to see what we have to offer.

CHEMICAL SOCIETY ADMITS WESTERN

U. K. Is Other State School Qualified For Professional Status

Bowling Green, Ky., Jan. 10.—Western Kentucky State Teachers college is one of two Kentucky colleges listed for full membership in the American Chemical Society in the current issue of Chemical and Engineering News.

Graduates of the institution's chemistry department will now receive full professional status and will be certified by the society, which is the largest organization in the world devoted to a single scientific field.

Only 141 colleges in the United States have been admitted to membership in the Society. Western and the University of Kentucky are the two Kentucky colleges whose approval has been announced.

Membership means that any course in chemistry pursued at Western, even if not a full course, will be recognized and accepted anywhere in the United States.

Inspection Made

Approval of the local college came after inspections by American Chemical Society representatives in which a careful study was made of faculty qualifications, courses and contents of library and laboratory facilities, achievements of former chemistry majors at Western and prospects of maintaining the high level of instruction.

Mutual Benefit Co. Names Pat Ryan Associate CA

The following article concerning Pat Ryan, former resident of Murray, appears in the January 3 issue of the trade publication, "Insurance Field."

Pat M. Ryan has been appointed associate general agent in San Francisco in the Murrell Brothers agency of Mutual Benefit Life of Newark, N. J., effective Jan. 1. The Murrells are general agents for the company in California and Nevada.

Mr. Ryan, who has resigned as general agent for the same company at Minneapolis, attended the University of Kentucky and started his insurance career in the Lexington, Ky., agency for Mutual Benefit. He was production leader in the company's Kentucky and Florida agencies prior to joining the Murrell Brothers for supervisory work in Los Angeles.

Under the Murrells he will be responsible for Mutual Benefit interests in the northern half of California and for the State of Nevada.

Coastal Bermuda grass on waste land has done well for Shirley Lawson of Whitley county, one plant making a solid covering of 10 to 20 feet.

Murray Model Sails For Germany

New York, Jan. 4.—Mrs. Barbara F. Ferguson, 19, a Barbazon photographic model, of 707 Main street, Murray, poses for news photographers shortly before sailing aboard the U. S. Army transport, R. L. Howze, from New York late tonight.

Mrs. Ferguson is bound for Bremerhaven, Germany. She will join her husband, a War Department employee, in Frankfurt-on-Main. The couple were married in Washington, D. C., last September. They expect to remain in Germany for two years the Murray voyager declared.

Mrs. Ferguson attended Whitworth College for Women in Brookhaven, Miss. She is a graduate of Murray High School and was the editor of the high school paper. While a student at Murray State College, she was advertising manager for the College News.

Her parents, Mr. and Mrs. Arden P. Bonner, live in Murray.

Ferguson is chief research analyst for Germany and the couple plan to travel extensively in Europe.

Murray High Five Eastern Trounces

Murray High School's victory over Eastern State's unbeaten Maroons, after getting the scare of the season, added Murray's Thoroughbreds to their list of cage victims in a game at Richmond last Thursday night.

The visiting Reds knotted the count ten times before the KMAC leading Maroons managed to grab a three-point lead during the final two minutes of play.

Johnny Reason and Charlie Snow, two of the most consistent scorers on the Red roster, made 15 points apiece to lead the Miller-men in scoring.

Hicks, Maroon guard, also made 15.

J. B. Blalock, Former Murray Resident, Continues Impressive Insurance Sales

J. B. BLALOCK

J. B. Blalock, a former resident of Murray and special Kentucky representative for Woodmen of the World, has made a record in the insurance business which may stand for some time.

Blalock was born in Dukedom, Tenn., but his family moved to Murray while he was still a baby. He started with Commonwealth Life at Murray in 1918. In 1920, at the age of 24, he wrote \$1,103,000 to become the youngest man in the United States ever to pay for that amount exclusive of group insurance.

From 1931 to 1936 he was general agent at Paducah, writing \$500,000 annually. He then won all production record and honor clubs for Commonwealth for Woodmen of the World life for several years. He led U.S. in production on 1944 with \$1,130,000. In 1945 he ranked second. His aggregate sales total over 18 million dollars.

Blalock still calls Calloway county his home and takes a keen interest in Calloway county events. He is a member of the Methodist Church, W.O.W., F. & A.M., Knight Templar, Mason and a Shriner. While visiting in Murray recently he was notified by telegram that he was the national leader in 1946 with \$860,000.

SLAG BEATS LIMESTONE

A comparison of the use of slag and limestone as fertilizer on the farm of Joe L. Payne in Graves county showed the value of the former. Mr. Payne applied 145 tons of slag per acre on 45 acres and two tons of limestone on 10 acres. The land was equally good for the two tests, he told Farm Agent Wilson R. Hoover. On the land where the slag was applied, at
